IMPORTANT INFORMATION FOR PARENTS

CAREGIVER BACKGROUND CHECK PROCESS CALIFORNIA DEPARTMENT OF SOCIAL SERVICES

The California Department of Social Services works to protect the safety of children in child care by licensing child care centers and family child care homes. Our highest priority is to be sure that children are in safe and healthy child care settings. California law requires a background check for any adult who owns, lives in, or works in a licensed child care home or center. Each of these adults must submit fingerprints so that a background check can be done to see if they have any history of crime. If we find that a person has been convicted of a crime other than a minor traffic violation or a marijuana-related offense covered by the marijuana reform legislation codified at Health and Safety Code sections 11361.5 and 11361.7, he/she cannot work or live in the licensed child care home or center unless approved by the Department. This approval is called an exemption.

A person convicted of a crime such as murder, rape, torture, kidnapping, crimes of sexual violence or molestation against children **cannot by law be given an exemption that would allow them to own, live in or work in** a licensed child care home or center. If the crime was a felony or a serious misdemeanor, the person must leave the facility while the request is being reviewed. If the crime is less serious, he/she may be allowed to remain in the licensed child care home or center while the exemption request is being reviewed.

How the Exemption Request is Reviewed

We request information from police departments, the FBI and the courts about the person's record. We consider the type of crime, how many crimes there were, how long ago the crime happened and whether the person has been honest in what they told us.

The person who needs the exemption must provide information about:

- The crime
- What they have done to change their life and obey the law
- Whether they are working, going to school, or receiving training
- Whether they have successfully completed a counseling or rehabilitation program

The person also gives us reference letters from people who aren't related to them who know about their history and their life now.

We look at all these things very carefully in making our decision on exemptions. By law this information cannot be shared with the public.

How to Obtain More Information

As a parent or authorized representative of a child in licensed child care, you have the right to ask the licensed child care home or center whether anyone working or living there has an exemption. If you request this information, and there is a person with an exemption, the child care home or center must tell you the person's name and how he or she is involved with the home or center and give you the name, address, and telephone number of the local licensing office. You may also get the person's name by contacting the local licensing office. You may find the address and phone number on our website. The website address is <http://cclid.ca.gov/contact.htm>.

Sun-Smart Policy for Childcare Programs

Our Sun-Smart policy has been developed to ensure that all children and staff participating in this program are protected from skin damage caused by the harmful UVB and UVA rays of the sun. This policy will be implemented throughout the year, but with particular emphasis from March through October.

Sun-Smart strategies:

1. Encourage staff and children to wear hats with wide brims that protect their face, neck and ears whenever they are outside.
2. Encourage staff and children to wear sun-protective clothing (i.e., tightly woven, loose-fitting, full length, light-colored and lightweight) when temperatures are reasonable.
3. Encourage staff to wear sunglasses that block 100 percent of UVA and UVB rays (broad spectrum) whenever they are outside.
4. Provide sufficient areas of shelter and/or trees providing shade on the play yard.
5. Encourage children to seek and use available areas of shade for outdoor play activities.
6. Schedule excursions and all outdoor activities before 10 a.m. and after 4 p.m. (10 a.m. to 3 p.m. during the winter months) whenever possible. The availability of shade will be considered when planning excursions and outdoor activities during these times.
7. Children will be hydrated and encouraged to drink water before and during prolonged physical outdoor activities in warm weather.
8. Staff and parents/guardians will model sun safety behaviors by:
 - Wearing appropriate hats and clothing when outdoors.
 - Using broad spectrum SPF 15 or higher sunscreen for skin protection.
 - Seeking shade whenever possible.
9. Provide broad spectrum SPF 15 or higher (and paba and alcohol free, if possible) sunscreen for staff and children to use on exposed skin, except eyelids, 30 minutes before exposure to the sun and every two hours while in the sun, unless parent/guardian provides their own sunscreen for their child.
10. Parents/guardians will complete and sign the Parent/Guardian's Permission to Apply Sunscreen to His/her Child (see reverse) and it shall remain on file at the program.
11. Include learning about the skin and ways to protect the skin from the UV rays of the sun into the program's curriculum and daily routines.
12. The Sun-Smart Policy will be reinforced in positive ways through parent newsletters, staff memos, bulletin boards and meetings. Signage shall be posted that reminds staff, parents and children to practice sun safety.
13. Staff and parents will be provided with educational materials and resources on sun safety and protection.

When enrolling their child, parents/guardians will be:

1. Informed of the program's Sun-Smart Policy.
2. Asked to provide a suitable hat for their child's use when outdoors in the care setting.
3. Required to provide permission for staff to apply sunscreen (and optional: health care provider's signature included on consent form).
4. Asked to provide a broad-spectrum SPF 15 or higher sunscreen if their child is allergic to the program's offered brand/type.
5. Encouraged to practice Sun-Smart behaviors themselves.
